

Safeguarding and Child Protection Policy

Embrace Multi Academy Trust strives to maintain and improve good provision and outcomes at each of its member academies. Based upon our shared values and ethos, we aim to support the learning and development of every person within the trust and our policies are written from this perspective.

Version	Approval Level	Document History	Date	Review Period

1. Introduction

- 1.1 Sherrier C of E Primary School fully recognises the contribution it can make to protect children and support pupils in school. The aim of the policy is to safeguard and promote our pupils' welfare, safety and health by fostering an honest, open, caring and supportive environment. We encourage children to talk about their worries and to report their concerns to us in a number of alternative ways. Pupils' welfare is of paramount importance.
- 1.2 This policy is consistent with:
- the legal duty to safeguard and promote the welfare of children, as described in section 157 of the Education Act 2002 for independent schools and academies and the statutory guidance "*Keeping children safe in education – Statutory guidance for schools and colleges*", 2022 and "*Working Together to Safeguard Children*", 2018.
 - the Leicestershire and Rutland Safeguarding Children Partnership - Multi-Agency Safeguarding Arrangements
- 1.3 There are four main elements to our Safeguarding and Child Protection Policy:
- **Prevention** (eg positive school atmosphere, teaching and pastoral support to pupils, safer recruitment procedures);
 - **Protection** (by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to child protection concerns);
 - **Support** (to pupils and school staff and to children who may have been harmed or abused);
 - **Working with parents** (to ensure appropriate communications and actions are undertaken).
- 1.4 This policy applies to all staff, volunteers, governors and visitors to the school. We recognise that child protection is the responsibility of all adults in school. We will ensure that all parents and other working partners are aware of our child protection policy by mentioning it in our school prospectus, displaying appropriate information in our reception and on the school website and by raising awareness at meetings with parents as appropriate.
- 1.5 **Extended school activities**
Where the governing board provides services or activities directly under the supervision or management of school staff, the school's arrangements for child protection will apply. Where services or activities are provided separately by another body, the governing board will seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children (inspecting these where needed) and that there are arrangements to liaise with the school on these matters where appropriate. Safeguarding requirements will be included in any lease or hire agreement as a condition of use; and any failure to comply will lead to termination of the agreement.

2. Safeguarding Commitment

2.1 For the purposes of this policy, safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

2.2 The school adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff encourage children and parents to feel free to talk about any concerns and to see school as a safe place when there are difficulties. Children's worries and fears will be taken seriously and children are encouraged to seek help from members of staff.

2.3 Our school will therefore:

- Establish and maintain an ethos where all children (including those having protected characteristics under the Equalities Act 2010) feel secure and are encouraged to report concerns talk, and are listened to
- Ensure that children's wishes and feelings are taken into account when determining what actions to take and services to provide and that they are able to express their views and give feedback. We will always seek to act in the best interests of children
- Ensure that children know that there are adults in the school whom they can approach if they are worried or are in difficulty and that there are alternative ways to report concerns
- Include activities and opportunities for PSHE, Citizenship, Relationships and Sex Education and Health Education in the curriculum, which equip children with the skills they need to stay safe from abuse (including online and other contexts children are in), and to know to whom they can turn for help
- Ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies
- Operate safer recruitment procedures and make sure that all appropriate checks are carried out and recorded on the single central record for new staff and volunteers who will work with children, including identity, right to work, enhanced DBS criminal record and barred list (and overseas checks where needed), references, and prohibition from teaching or managing in schools (s.128) etc (see Keeping Children Safe in Education part 3).

2.4 Safeguarding in the Curriculum

Children are taught about safeguarding in school. The following areas are among those addressed in PSHE and Relationships Education, Relationships and Sex Education and Health Education and in the wider curriculum:

- Bullying (including cyberbullying)
- Drugs, alcohol and substance misuse (including awareness of County Lines and the criminal exploitation of children where appropriate)

- Online safety
- The danger of meeting up with strangers
- Fire and water safety
- Road safety
- Domestic abuse
- Healthy relationships / consent
- (So called) honour based abuse issues, eg forced marriage, female genital mutilation (FGM) (see Appendix 7)
- Sexual exploitation of children (CSE), including online
- Child criminal exploitation (including cybercrime)
- Preventing extremism and radicalisation (see Appendix 5 and 6)

3. Roles and Responsibilities

3.1 General

All adults working with or on behalf of children have a responsibility to safeguard and promote their welfare. This includes a responsibility to be alert to possible abuse and to record and report concerns to staff identified with child protection responsibilities within the school.

The names of the Designated Safeguarding Lead (DSL) and Deputy Designated Safeguarding Leads (DDSLs) for the current year are listed at the start of this document.

3.2 Governing Board

In accordance with the statutory guidance “Keeping Children Safe in Education” 2022, the governing board will ensure that:-

- The school has its own safeguarding and child protection policy, procedures and training in place, which are effective and comply with the law at all times. The policy is made available publicly.
- All governors and trustees receive safeguarding and child protection training on induction, which is regularly updated. This training will be appropriate to their role, offering strategic challenge to the school.
- The school operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the headteacher, nominated governors and other staff involved in the recruitment process have undertaken Safer Recruitment Training.
- There are procedures for dealing with safeguarding concerns (including lower level concerns) and allegations of abuse against members of staff and volunteers (see Appendix 2).
- There is a senior member of the school’s leadership team who is designated to take lead responsibility for dealing with child protection (the “designated safeguarding lead (DSL)”) and there is always cover for this role with appropriate arrangements for before/after school and out of term time activities.
- The DSL undertakes effective local authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their

knowledge and skills are updated at regular intervals (at least annually) using safeguarding briefings etc.

- The headteacher, and all other staff and volunteers who work with children (including early years practitioners within any settings on the school site), undertake appropriate training which is regularly updated at least annually, (and more comprehensively every three years in compliance with the Safeguarding Children Partnership protocol); and new staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities (including this policy, Part 1 of Keeping Children Safe in Education (KCSIE) (or Annex A of KCSIE, where appropriate), the pupil behaviour policy, the staff behaviour policy (staff code of conduct), the role of the DSL and how to respond to children who go missing from education. The local authority induction leaflet, ("Safeguarding in Education Induction – Child Protection Information, Safer Working Practice") will be used as part of this induction and Annex B from KCSIE 2022 is provided to all staff working directly with children.
- Any deficiencies or weaknesses brought to the attention of the governing board will be rectified without delay.
- The chair of governors (or, in the absence of the chair, the vice chair) deals with any safeguarding concerns or allegations of abuse made against the headteacher, in liaison with the Embrace trust leader and the local authority designated officer (LADO).
- Effective policies and procedures are in place and updated annually including a behaviour "code of conduct" for staff and volunteers. This code of conduct incorporates all the areas addressed in the "Guidance for Safer Working Practice for those who work with children in education settings, February 2022" (supplemented where necessary by the COVID-19 Addendum April 2020). Information is provided to the local authority (acting on behalf of the Safeguarding Children Partnership) through the safeguarding annual return.
- There is an individual member of the governing board who will champion issues to do with safeguarding children and child protection within the school, liaise with the DSL and provide information and compliance / monitoring reports to the governing board.
- The school contributes to inter-agency working in line with statutory guidance "Working Together to Safeguard Children" 2018, including providing a co-ordinated offer of "early help" for children who require this. This "early help" may be offered directly through school provision or via referral to an external support agency. Safeguarding arrangements take into account the procedures and practice of the local authority and the Leicestershire and Rutland Safeguarding Children Partnership.

3.3 **Headteacher**

The headteacher of the school will ensure that:

- The policies and procedures adopted by the governing board are effectively implemented and followed by all staff;
- Sufficient resources and time are allocated to enable the DSL and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children;
- Allegations of abuse or concerns that a member of staff or adult working at school may pose a risk of harm to children or young people are notified to the LADO, where the threshold is met.
- All staff and volunteers are made aware of the Whistleblowing Policy and feel able to raise concerns about poor or unsafe practice in regard to children and potential failures, and know

that such concerns will be taken seriously by the senior leadership team and will be addressed sensitively, effectively in a timely manner. Where staff feel unable to raise an issue with their employer or feel that their genuine safeguarding concerns are not being addressed, they can contact the NSPCC whistleblowing advice line number on 0800 028 0285, 8am-8pm Monday to Friday or by email to help@nspcc.org.uk.

- All staff are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails, to report these directly to Children's Social Care (Children and Family Specialist Services) or the police.

3.4 Designated Safeguarding Lead

The DSL (or a DDSL) will always be available for staff to discuss any safeguarding concerns. The responsibilities of the DSL are found in Annex C of "Keeping Children Safe in Education". The DSL is a senior member of staff on the senior leadership team and the role is explicit in their job description. Responsibilities include:

- **Managing referrals** – to the local authority children's social care, to the Channel programme, to the Disclosure and Barring Service for staff dismissed for safeguarding concerns (as required), to the police where a crime may have been committed
- **Working with others** – to act as a source of support and advice, to act as a point of contact for safeguarding partners, to liaise with the headteacher or principal about issues especially to do with ongoing enquiries under section 47 of the Children Act 1989 and police investigations, to liaise with staff when deciding to make a referral to relevant agencies so that children's needs are considered holistically, to liaise with the senior mental health lead, to promote supportive engagement with parents and carers, to take the lead in promoting educational outcomes for children in need and those with a social worker, to liaise with the governing board and the local authority on any deficiencies brought to the attention of the governing board and how these should be rectified without delay
- **Information sharing and managing safeguarding records** – keeping records confidential, secure and up to date, in a separate record for each child, including a clear and comprehensive summary, detailing how the concern was followed up and resolved, with a note of actions, decisions and the outcome, sharing information as required to safeguard children and transferring records and other relevant information to the new school within 5 days or in advance if necessary
- **Raising Awareness** – ensuring each member of staff and volunteer understands the safeguarding and child protection policy which is reviewed at least annually, making it available publicly, ensuring staff and governors have access to relevant training and induction, promoting educational outcomes by sharing relevant information about vulnerable children
- **Training, knowledge and skills** – to undergo DSL training every two years (updating at least annually via bulletins etc) and to attend Prevent awareness training, in order to understand assessment and referral processes, to contribute effectively to child protection conferences including the importance of sharing information, to understand the lasting impact that adversity and trauma can have on children and how to respond to this, to be alert to children with specific needs, eg SEND, those with health conditions and young carers, to understand the unique risks associated with online safety
- **Providing support to staff** – to help them feel confident on welfare, safeguarding and child protection matters, to provide support in the referral process if required and to help them to understand that safeguarding and educational outcomes are linked

- **Understanding the views of all children** – encouraging a culture of listening to all children (including those who are known to be disproportionately impacted by different forms of harm and abuse, eg LGBT pupils, disabled children or girls) and taking account of their wishes and feelings in measures taken to protect them and understanding the difficulties children may have in approaching staff about their circumstances
- **Holding and sharing information** – sharing with safeguarding partners, other agencies and professionals and transferring records between schools and colleges in accordance with data protection legislation, keeping detailed, accurate and secure written records and understanding the purpose of this.

4. Records, Monitoring and Transfer

- 4.1 Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about children within the school. Records of concerns are written down, signed, dated and passed immediately to the DSL (or DDSL) or they are entered directly onto CPOMS, and the DSL (or a DDSL) is alerted immediately. The DSL is responsible for such records and for deciding at what point these records should be shared with other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).
- 4.2 Records relating to actual or alleged abuse or neglect are stored apart from normal pupil or staff records. Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.
- 4.3 Child protection records are stored securely, with access confined to specific staff, eg the DSL (and relevant DDSLs) and the headteacher.
- 4.4 Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals and ensuring these are acted upon. A case file chronology, summarizing case activity and significant events in the child's life, helps to enable effective monitoring. Any actions taken are clearly indicated.
- 4.5 When children transfer school their safeguarding records are also transferred within 5 days of them starting. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a DSL in the receiving school, with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. Where a child needs specific ongoing support, relevant information will be transferred prior to the child arriving at their new school. In the event of a child moving out of area and a physical handover not being possible, then the most secure method should be found to send the confidential records to a named DSL and a photocopy kept until receipt is confirmed. Files requested by other agencies, eg the police, are copied.

5. Support to pupils and school staff

- 5.1 **Support to pupils (including those with a disability or about whom there are mental health concerns)** Our school recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and to view their lives in a positive way and that this is likely to adversely impact their mental health and emotional well-being.

Children may be vulnerable because, for instance, they have needed an allocated social worker, have a disability, are in care, a care-leaver or previously looked after, or are experiencing some form of

neglect. It is therefore important that staff recognise that mental health concerns can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. For such children school may be one of the few stable, secure and predictable components of their lives.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following this policy and speaking to the DSL or a deputy. Our school seeks to remove any barriers that may exist in being able to recognise abuse or neglect in pupils with Special Educational Needs, disabilities or physical health issues. These barriers include:

- assumptions that indicators of possible abuse, such as behaviour, mood and injury relate to the child's condition without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- communication barriers and difficulties in managing or reporting these challenges
- cognitive understanding, ie being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in school or the consequences of doing so.

We will seek to provide such children with the necessary support to build their self-esteem and confidence, helping them to secure the very best educational outcomes they are able to achieve.

The context in which safeguarding incidents and / or behaviours occur, whether in school or within or outside the home (including online), will be considered by staff, particularly the DSL and DDSLs. Any associated threats or risks will be included in assessments and relevant information included in referrals to Children's Social Care. General indicators of abuse and neglect (from Part 1 of the statutory guidance) are also included in Appendix 8 of this policy and further information about specific forms of abuse are contained within Annex B of the statutory guidance, "Keeping Children Safe in Education".

5.2 **Child on child abuse** - We recognise that children sometimes display harmful behaviour themselves and that even if there are no reports of child on child abuse, it may still be happening and is simply not being reported.

Incidents or allegations will be referred on for appropriate support and intervention. Such abuse is unacceptable and will not be tolerated at all and should never be passed off as "banter", "just having a laugh", "part of growing up" or "boys being boys", as this can lead to a culture of unacceptable behaviours and an unsafe environment for children. This abuse could for example include:

- sexual violence and sexual harassment
- upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- initiation / hazing type violence and rituals
- all forms of bullying (including cyberbullying, prejudice-based and discriminatory bullying)

- abuse in intimate personal relationships between children
- consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- physical abuse (eg hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm).

Child on child abuse may be experienced by both boys and girls, however, girls are more likely to be the victims and boys the perpetrators. Some pupils may be more at risk of harm from specific issues such as sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination. We will therefore take positive action to create a culture of support and to ensure that girls and vulnerable groups such as LGBT and pupils from ethnic minority backgrounds feel confident to bring forward any concerns and have a safe space to talk to trusted staff about their experiences.

There are different school and local authority or Safeguarding Children Partnership guidance and policies which detail the school's procedures to address and minimise these concerns including:

- Pupil Behaviour Policy
- Anti-Bullying Policy
- E-Safety Policy and Acceptable Use of IT Policy
- "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance)
- DfE guidance – part 5 of "Keeping children safe in education".

All children will be encouraged to confidently report to a trusted adult in school all incidents of child on child abuse wherever it may have happened and will be taught about the alternative ways of doing this both in school and elsewhere, eg via a 'worry box' or an online form. They will always be taken seriously and never given the impression that they are creating a problem by reporting their concern or made to feel ashamed. It is recognised that even where no reports are received, this does not mean that such abuse is not taking place. It could just be that it has not been reported.

Where an incident has occurred or specific risks are identified, the details will be added to a safeguarding or behaviour record for the child / children concerned and a thorough investigation conducted by the DSL / DDSL, where appropriate. A written risk assessment will be undertaken by the DSL in order to minimise the risk of further harm and to ensure the safety of all staff and pupils. Parents or carers of the children involved will be informed as soon as it is appropriate to do so. Support plans will be written and help offered, by different adults in school (to avoid a possible conflict of interest), to the alleged victim, the child or young person accused and any other children involved. A referral to any relevant outside agency will be made, eg police or social care. Detailed procedures are included in the linked school policies listed above.

The following steps will be taken to minimise the risk of child on child abuse:

- Staff training to ensure an understanding of what it is and how to recognise signs
- Promotion of a supportive environment by teaching about acceptable and unacceptable behaviours (including online) in both assemblies and the wider curriculum, eg RSHE
- Clear procedures put in place to govern the use of mobile phones in school

- Appropriate staff supervision of pupils and identifying locations around the school site that are less visible and may present more risk to pupils.

5.3 **Online safety** - We recognise that technology is a significant component in many safeguarding and wellbeing issues and that children are at risk of abuse online as well as face to face. Some children may use mobile and smart technology whilst at school and outside of school to sexually harass their peers, share indecent images (consensually and non-consensually) and view and share pornography and other harmful content. Many children have unrestricted access to the internet via their mobile phones and our E-safety / online safety policy / acceptable use of IT policy describes the rules governing their use in school. It also sets out the school's response to incidents which may involve one or more of the four areas of risk – content, contact, conduct and commerce. Online safety is a consideration running through the planning and implementation of all relevant policies and procedures. Staff will always respond if informed that children have been involved in sharing indecent images. The DfE guidance “Sharing nudes and semi-nudes: advice for education settings working with children and young people” (December 2020) will be used to guide the school's response on a case-by-case basis.

The key points for staff and volunteers (not including the DSL) being:

- Report immediately to the DSL / DDSL
- Do not view, copy, print, share, store or save the imagery, or ask a child to share or download
- If you have already viewed the imagery by accident (eg if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support
- Do not delete the imagery or ask the young person to delete it. Leave this for the DSL, if needed
- Do not ask the child / children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent)
- Do not share information about the incident with other members of staff, the young person(s) it involves or with their parents / carers or the parents / carers of others
- Do not say or do anything to blame or shame any young people involved
- Do explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).

5.4 **Sexual violence and sexual harassment** – Sexual violence refers to sexual offences as described under the Sexual Offences Act 2003 including rape and sexual assault. Sexual harassment is ‘unwanted conduct of a sexual nature’ that can occur online and offline and may include sexual name-calling, taunting or “jokes” and physical behaviour, for example, deliberately brushing against someone or interfering with clothes. ‘Upskirting’ is also a criminal offence (under the Voyeurism (Offences) Act 2019) and typically involves taking a picture under a person's clothing (not necessarily a skirt) without them knowing, in order to obtain sexual gratification or to cause humiliation, distress or alarm (anyone of any gender can be a victim). Evidence shows that girls, children with SEND and LGBT children are more likely to be the victims of sexual violence and harassment and boys are more likely to be the perpetrators. We will take positive action to create a safe and supportive culture in school, recognising the disproportionate vulnerability of these groups so that all pupils feel supported and have a safe space in order to speak openly with trusted adults if they wish to do so. Sexual violence and sexual harassment can occur between children of any gender.

Curriculum

- Planned PSHCE and Relationships, Sex and Health Education will include personal privacy, respect and consent so that children will have a better understanding of how to behave towards their peers, including online. This will be taught alongside other safeguarding issues as set out in the DfE statutory guidance “Relationships Education, Relationships and Sex Education (RSE) and Health Education”. This will be appropriate to pupils’ age and stage of development. It will also be underpinned by the school’s behaviour policy and pastoral support system.

Responding to an incident

- School will follow the DfE guidance on ‘Child on child sexual violence and sexual harassment in Part 5 of “Keeping children safe in education”’.
- Relevant staff will liaise with the police, social care and parents as appropriate.
- Support will be offered to both the alleged victim(s) and child(ren) accused. Parents will be included in discussions about the format that this support will take.

5.5 **Children Missing (including absence from school)** Our school recognises the entitlement that all children have to education and will work closely with the local authority Inclusion Service to share information about pupils who may be missing out on full time education or who go missing from education. The local authority will also be informed where children are to be removed from the school register:

- a) to be educated outside the school system
- b) for medical reasons
- c) because they have ceased to attend
- d) because they are in custody
- e) because they have been permanently excluded.

We also recognise that when children go missing this is a sign that they may have been targeted by perpetrators of Child Sexual Exploitation and / or drug related criminals (County Lines). Children may also be groomed into participating in other forms of criminal exploitation including cybercrime, serious violence and violent crime. Children who attend an alternative education provision or have an agreed reduced timetable are more likely to be vulnerable to these forms of exploitation.

5.6 **Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)** are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

CSE and CCE can affect both males and females and can include children who have been moved (trafficked) for the purpose of exploitation. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and / or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

Victims can be exploited even when activity appears consensual and it should be noted that exploitation, as well as being physical, can be facilitated and / or take place online. CSE can include

16 and 17 year olds who can legally consent to sex, but they may not realise they are being exploited, eg they believe they are in a genuine romantic relationship.

A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point or are targeted by criminals involved in the illegal supply of drugs (County Lines) and serious violent crime. 'County Lines' involves drug networks or individuals exploiting children and young people into carrying drugs and money between cities, towns and villages. Serious violent crime can be associated with this form of criminal activity together with child sexual exploitation. Children may also be exploited into committing cybercrime or money laundering offences and organised criminal groups or individuals may exploit children and young people with enhanced computer skills to access digital networks and / or data for criminal and financial gain. Children with bank accounts may be persuaded to allow criminals to use their banking facilities to launder money. CCE can also involve working in cannabis factories, shoplifting or pickpocketing and may involve coercing children to commit vehicle crime or serious violence towards others.

It is important to note that the experience of girls can be very different to that of boys, but girls are also at risk. Criminal exploitation of children is a form of harm that can affect children in both a physical environment and online. Staff training includes raising awareness of these issues and any concerns are passed to the DSL who will make a risk assessment and refer to Local Authority First Response Children's Duty, if appropriate.

- 5.7 **Serious violence** is associated with a number of risk indicators in children including increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries. Staff will be made aware of these and of the other risk factors which increase the likelihood of involvement in serious violence, including, being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. Staff training will raise awareness to these risks and any concerns will be passed to the DSL to co-ordinate a safeguarding response.
- 5.8 **So-called 'honour-based' abuse** encompasses crimes which have been committed to protect or defend the so-called "honour" of the family and / or the community, including female genital mutilation (FGM) (see Appendix 7), forced marriage, and practices such as breast ironing. All forms of so called honour-based abuse are abuse (regardless of the motivation) and concerns will be passed to the DSL for onward referral as required.
- 5.9 **Modern slavery and human trafficking** can take on many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Children may be trafficked into the UK from abroad or moved around the country. Staff need to be aware of indicators which include, but not limited to, neglect, isolation, poor living conditions, having few personal belongings and a lack of trust and reluctance to seek help. Staff will refer any concerns to the DSL without delay who will take action and also refer victims to the National Referral Mechanism (www.gov.uk).
- 5.10 **Private fostering arrangements** Where a child under 16 (or 18 with a disability) is living with someone who is not their family or a close relative for 28 days or more, staff inform the DSL so that a referral to Children's Social Care for a safety check can be made (a close relative includes step-parent, grandparents, uncle, aunt or sibling).
- 5.11 **Domestic abuse** can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and / or suffer domestic abuse in their own intimate relationships (teenage

relationship abuse). All of which can have a detrimental and long-term impact on their health, wellbeing, development, and ability to learn. Staff will refer concerns to the DSL and where the police have attended an incident of domestic abuse and school receive an “Operation Encompass” call, any pupil who may have been impacted will be supported.

5.12 **Complaints or concerns** raised by parents or pupils will be taken seriously and followed up in accordance with the school’s complaints process.

5.13 **Support for Staff**

As part of their duty to safeguard and promote the welfare of children and young people staff may hear information, either from the child / young person as part of a disclosure or from another adult, that will be upsetting. Where a member of staff is distressed as a result of dealing with a child protection concern, they should in the first instance speak to the DSL about the support they require. The DSL will seek to arrange the necessary support.

6. Working with parents/carers

6.1 The school will:

- Ensure that parents/carers have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus.
- Undertake appropriate discussion with parents/carers and seek necessary consent prior to involvement of Children & Family Services (Children’s Social Care) or another agency, unless to do so would place the child at risk of harm or compromise an investigation.

7. Other Relevant Policies

7.1 The governing board’s statutory responsibility for safeguarding the welfare of children goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Pupil Behaviour Policy
- Staff Code of Conduct / Guidance for Safer Working Practice
- Racist Incidents
- Anti-Bullying Policy (including cyberbullying)
- Physical Interventions / Restraint (DfE Guidance: “Use of Reasonable Force” / “Screening, Searching and Confiscation”)
- Special Educational Needs and Disability Policy
- Educational Visits Policy
- Work Experience and Extended Work Placements
- First Aid and the Administration of Medicines Policy
- Health and Safety Policy
- Intimate Care Policy
- Relationships Education / Relationships and Sex Education / Health Education Policy
- E-Safety Policy and Acceptable Use of IT Policy

- Equality Opportunities
- Visitors / Site Security
- Extended school Activities
- Whistleblowing Policy

The above list is not exhaustive but when undertaking development or planning of any kind the school will consider the implications for safeguarding and promoting the welfare of children.

8. Recruitment and Selection of Staff (also see the Safer Recruitment Policy)

- 8.1 The school's safer recruitment processes follow the statutory guidance: "*Keeping children safe in education, Part Three: Safer recruitment.*"
- 8.2 The school will provide all the relevant information in references for a member of staff about whom there have been safeguarding concerns, ie about child protection / inappropriate conduct. Cases in which the conclusion of an allegation has been unsubstantiated, unfounded, false or malicious will not be included in employer references. A history of repeated safeguarding concerns or allegations which have all been found to be unsubstantiated, malicious etc, will also not be included in a reference.
- 8.3 The school has an open safeguarding ethos, regularly addressing safeguarding responsibilities during staff meetings and fostering an ongoing culture of vigilance. All new staff and volunteers receive a safeguarding induction and are briefed on the code of conduct for adults working with children. The Leicestershire County Council induction leaflet is given to all staff and is the basis for the safeguarding induction.
- 8.4 In line with statutory requirements, every recruitment process for school staff will have at least one member (teacher, manager or governor) who has undertaken safer recruitment training.
- 8.5 Staff and volunteers who provide early years or later years childcare and any managers of such childcare are covered by the disqualification regulations of the Childcare Act 2006 and are required to declare relevant information - see statutory guidance: Disqualification under the Childcare Act 2006 (last updated August 2018).

APPENDIX 1: PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD

Contents

A	General	
B	Individual Staff/Volunteers/Other Adults - main procedural steps	
C	Designated Safeguarding Lead – main procedural steps	

A. General

- 1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures contain the inter-agency processes, protocols and expectations for safeguarding children. (Available on the website www.lrsb.org.uk). The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse and neglect and the referral processes.
- 2) It is important that all parties act swiftly and avoid delays.
- 3) Any person may seek advice and guidance from the First Response Children's Duty Professionals Consultation Line, particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is investigated and can report to the investigating agencies.
- 4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.
- 5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a child may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a child may be the subject of neglect. In most cases the parents' knowledge and consent to the referral are expected, unless there is reason for this not being in the child's interest. However, there will be circumstances when informing the parent/carer of a referral might put the child at risk and/or undermine Police enquiries, and in individual cases, advice from Children's Social Care will need to be taken.

B. Individual Staff/Volunteers/Other Adults – main procedural steps

- 1) When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine or photograph children, or promise confidentiality. Children making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.
- 2) As soon as possible make a dated (including day), timed and signed record of what has been disclosed or noticed, said or done and report to the DSL in the school.
- 3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the headteacher must be informed.
- 4) If the safeguarding concern or allegation is about the headteacher, the information should normally be passed to the trust leader and the chair of governors, or failing that to the Local Authority Allegations Manager (LADO).
- 5) If this has not already been done, inform the child (or other party who has raised the concern) what action you have taken.

C. Designated Safeguarding Lead – main procedural steps

- 1) Begin an individual case record for each child involved, which will hold a record of communications and actions to be stored securely (see section on Records, Monitoring and Transfer). Include a chronology of case activity.
- 2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation. If in doubt, seek advice from the First Response professionals consultation line.
- 3) Share information confidentially with those who need to know.
- 4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone (contact the local authority Children's Services where the child lives). Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (<http://lrsb.org.uk/childreport>).
- 5) If the concern is about children using harmful sexual behaviour, also refer to the separate guidance, "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance).
- 6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.
- 7) Exceptional circumstances: If it is feared that the child might be at immediate risk on leaving school, take advice from the First Response Professionals Consultation line (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the child until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (eg a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the police should be contacted immediately.

APPENDIX 2: PROCESS FOR DEALING WITH SAFEGUARDING CONCERNS OR ALLEGATIONS AGAINST STAFF (INCLUDING HEADTEACHERS), SUPPLY TEACHERS, VOLUNTEERS AND CONTRACTORS

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

There is also a school “Low-level concerns policy” which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Relevant documents:

- DfE “Keeping children safe in education: Statutory guidance for schools and colleges” (part 4: Allegations made against/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors)

1) Individual Staff/Volunteers/Other Adults who receive the allegation:

- i. Write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Report immediately to the headteacher.
- iii. Pass on the written record.
- iv. If the allegation or safeguarding concern is about the conduct of the headteacher, report immediately to the trust leader and the chair of governors. Pass on the written record. (If there is difficulty reporting to the trust leader or the chair of governors, contact the Allegations Manager (LADO), Safeguarding and Performance Unit as soon as possible.)

2) Headteacher (or Trust Leader/Chair of Governors

- i. If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Before taking further action notify and seek advice from the Allegations Manager (LADO), Safeguarding and Improvement Unit on the same day.
- iii. You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation at this stage.
- iv. Report to First Response Children’s Duty if the Allegations Manager (LADO) so advises or if circumstances require a referral concerning a child.

- v. Ongoing involvement in cases:
- Liaison with the Allegations Manager (LADO)
 - Co-operation with the investigating agency's enquiries as appropriate (including working closely with the employment agency in the case of supply teachers).
 - Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
 - Possible referral to the DBS or the Teaching Regulation Agency, depending on the outcome.

APPENDIX 3: LOW-LEVEL CONCERNS POLICY

Details relating to Low-Level Concerns are contained within a separate policy, titled "[Low Level Concerns Policy](#)", which should be the referenced document'.

APPENDIX 4: EARLY YEARS FOUNDATION STAGE (EYFS) POLICY FOR THE USE OF CAMERAS AND MOBILE PHONES (PRIMARY SCHOOLS ONLY)

To ensure the safety and welfare of the children in our care this policy outlines the protocol for the use of personal mobile phones and cameras in the school.

- All staff must ensure that their mobile phones, personal cameras and recording devices are stored securely during working hours on school premises or when on outings. (This includes visitors, volunteers and students.)
- Mobile phones must not be used in any teaching area in school or within toilet or changing areas.
- Only school equipment should be used to record classroom activities. Photos should be put on the school system as soon as possible and not sent to or kept on personal devices.
- During school outings, nominated staff will have access to a school mobile which can be used for emergency or contact purposes.
- All telephone contact with parents or carers must be made on the school phone and a note kept.
- Parents or carers are permitted to take photographs of their own children during a school production or event. The school protocol requires that photos of other people's children are not published on social networking sites such as Facebook.

APPENDIX 5: SAFEGUARDING PUPILS WHO ARE VULNERABLE TO EXTREMISM AND RADICALISATION

Our school recognises the duties placed on us by the Counter Terrorism Bill (July 2015) to prevent our pupils being drawn into terrorism. These include:

- Assessing the risk of pupils being drawn into terrorism (see Appendix 6)
- Working in partnership with relevant agencies (including making referrals) under the Safeguarding Children Partnership procedures
- Appropriate staff training
- Appropriate online filtering.

Our school is committed to actively promoting the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs. The pupils are encouraged to develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

There is a current threat from terrorism in the UK and this can include the exploitation of vulnerable young people, aiming to involve them in terrorism or to be active in supporting terrorism.

Our school seeks to protect children and young people against the messages of all violent extremism including but not restricted to those linked to Islamist Ideology, Far Right / Neo Nazi / White Supremacist ideology etc. Concerns should be referred to the DSL who has local contact details for the Prevent Engagement Team (police) and Channel referrals. They will also consider whether circumstances require Police to be contacted urgently.

APPENDIX 6: RADICALISATION AND EXTREMISM RISK ASSESSMENT

SCHOOL NAME: Sherrier C of E Primary

	Yes/No	Evidence
Does the school have a policy?	Yes	FGB minutes ratification in Autumn 2016
Does the school work with outside agencies on radicalisation and extremism, eg Channel?	Yes	
Have staff received appropriate training?	Yes	ALL staff briefed on signs to look for when referring to DSL's New staff have been briefed on induction Governors given update on 12 th June 2017 Channel online training Feb 2019 for LB All staff undertaking Prevent online training – Sept 2021/ update 2 022
Has the school got a trained Prevent lead?	Yes	All staff undertaken Government training Sept 21 All staff undertaken Government training Sept 22
Do staff know who to discuss concerns with? (DSL)	Yes	All given update on August 23 rd All given update on August 25 th 2022
Is suitable filtering of the internet in place?	Yes	A form is also available in IT suite if any e – safety concerns arise
Do children know who to talk to about their concerns?		2 Worry Boxes used around school if not comfortable to talk to adults directly – managed by Pastoral Manager Time to talk sessions available for those children who want to speak more indepth about concerns.
Are there opportunities for children to learn about radicalisation and extremism?	Yes	Ethos of school promotes respect and support for other's views. School looking at appropriate curriculum opportunities and in particular P4C- P4C Festival November 2017
Have any cases been reported?	Yes	2016 – none since
Are individual pupils risk assessed?	Yes	
What factors make the school community potentially vulnerable to being radicalised? (e.g. EDL local base, extreme religious views promoted locally, tensions between local communities, promotion of radical websites by some pupils/parents)		Certain Political messages have been given to households in Lutterworth (BNP) Lack of ethnic diversity has in some cases led to an ignorance / lack of awareness of other faiths- no notable tensions but school is educating the next generation to celebrate other's achievements and faiths

<p>Comment on the school's community, locality and relevant history</p> <p>Lack of ethnic diversity has in some cases led to an ignorance / lack of awareness of other faiths- no notable tensions but school is educating the next generation to celebrate other's achievements and faiths. Historically, the school encountered some tensions when teaching about other religions and faiths. Our school is part of Embrace Multi Academy trust.</p>		
<p>Risk evaluation</p>	<p>Evaluate as one of:</p> <p>Low</p> <p>Medium</p> <p>High</p>	<p>Way Forward: Continue to promote our positive and inclusive ethos</p> <p>Maintain the broad and diverse curriculum</p> <p>Continue to monitor any behaviour in our records to suggest any patterns or trends and concerns</p>

Date completed: September 2022

APPENDIX 7: FEMALE GENITAL MUTILATION

Section 5B of the Female Genital Mutilation Act 2003 and section 74 of the Serious Crime Act 2015 places a mandatory duty on teachers along with social workers and healthcare professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 or where a girl discloses that she has undergone FGM. The school's response to FGM will take into account the government guidance, "Multi-agency statutory guidance on female genital mutilation" updated October 2018. Staff will also follow the established safeguarding procedure by reporting any such concerns to the DSL and a report must also be made to the police.

There will be a considered safeguarding response towards any girl who is identified as being at risk of FGM (eg there is a known history of practising FGM in her family, community or country of origin) which may include sensitive conversations with the girl and her family, sharing information with professionals from other agencies and/or making a referral to Children's Social Care. If the risk of harm is imminent there are a number of emergency measures that can be taken including police protection, an FGM protection order and an Emergency Protection Order.

APPENDIX 8: INDICATORS OF ABUSE AND NEGLECT

Abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
